

Yours for a Song

by Steve Fiske

He walks with pride as he takes center stage and when he sings the classic songs that were a part of our lives for decades, one can't help but remember the best times of our lives. He croons like Frank, is sharp like Bobby Darin and smooth as Dean, by the time that he is presenting his rendition of Elvis he has his audiences taping their toes, swaying to the rhythm and impulsively dancing to the beat.

This is song master Eddy D. Winchester and this entertainer is right on target like the historical carbine that bears his last name. He re-loads and fires off one gem after another and hits his targeted audience with songs, over the years that shaped our lives and touched our hearts.

Few people have the courage to change careers and follow their dreams, not Eddy, former Owner/Operator of Winchester Wallcovering and having run this business of Wallpapering & Painting for over 25 years, he decided some 6 years ago to invest in a nice vintage looking microphone, sound equipment and some backing tracks and started volunteering at different ALF's around the Tampa Bay Area.

The entertainment bug bit Eddy when he was just 14 years old. On Sunday afternoons' his youth group from Church would go to Rocky Creek Village in Tampa and sing and bring some joy to those in the latter stages of their lives' and now some 40 years later it has come full circle and he's at it again...now known as "EddyDean" he delights audiences around the Tampa Bay area and as far away as Sun City Center. Eddy's popularity and reputation has been steadily growing over the past six years and he is in demand as he brings his Classic Music Entertainment

style to sing the Classic Songs of Yesteryear to audiences today.

His popularity comes from his God given talent and how well he interacts with the audience. He presents songs that we all love, such as Old Standards, Jazz, Big Band Tunes of Sinatra, Dean Martin, Bobby Darin & More. "I don't know who enjoys this more, me or my audience", he states adding, "I love the classics and would sing these for my own pleasure, even if I weren't getting paid for my performances". Eddy transitions vocally from Dean to Frank to Johnny Cash and has an excellent voice for presenting the "King", Elvis's songs. He recently started doing Parties in his Elvis jumpsuit & wig. He has a large portfolio of Classic Country songs as well and his audiences often sing along, they just love him!

Eddy is the perfect complement to a holiday party or special event. I should know. I have personally used him for a few of our Tampa Bay Woman Newspaper events and he was a smash hit, which is why I am personally recommending him to your readers. He is, like the songs that he sings, a "classic", a classic gentleman.
